NOTICE TO COMPETITORS

Redress policy for IQFOIL

As Slalom Races are sailed in heats and scored differently than Course Racing / Marathon Racing, calculating arithmetical average points with both formats does not provide a fair score to all the boards racing.

Therefore, if the Jury decides to give redress based on average points in accordance with RRS A9, the following policy will apply:

Course Races / Marathon:

Average points based on the series Course Races / Marathon Races, without considering Slalom Races, calculated as per RRS A9, subject to WS Case 116 and not worse than the finishing position.

Slalom Races:

Average points based on the series Slalom Races, without considering Course Racing, calculated as per RRS A9, subject to WS Case 116 and not worse than the finishing position.
