Title:

CLASS RULES CHANGE: 7m2 Sail Identification

Subtitle:

7m2 National Flag Stickers

A submission from:

iQFOiL Youth & Junior Class' Executive Committee

Purpose or Objective

Adding the country identification stickers on the 7m2 sails in the iQFOiL Junior Category can have several benefits:

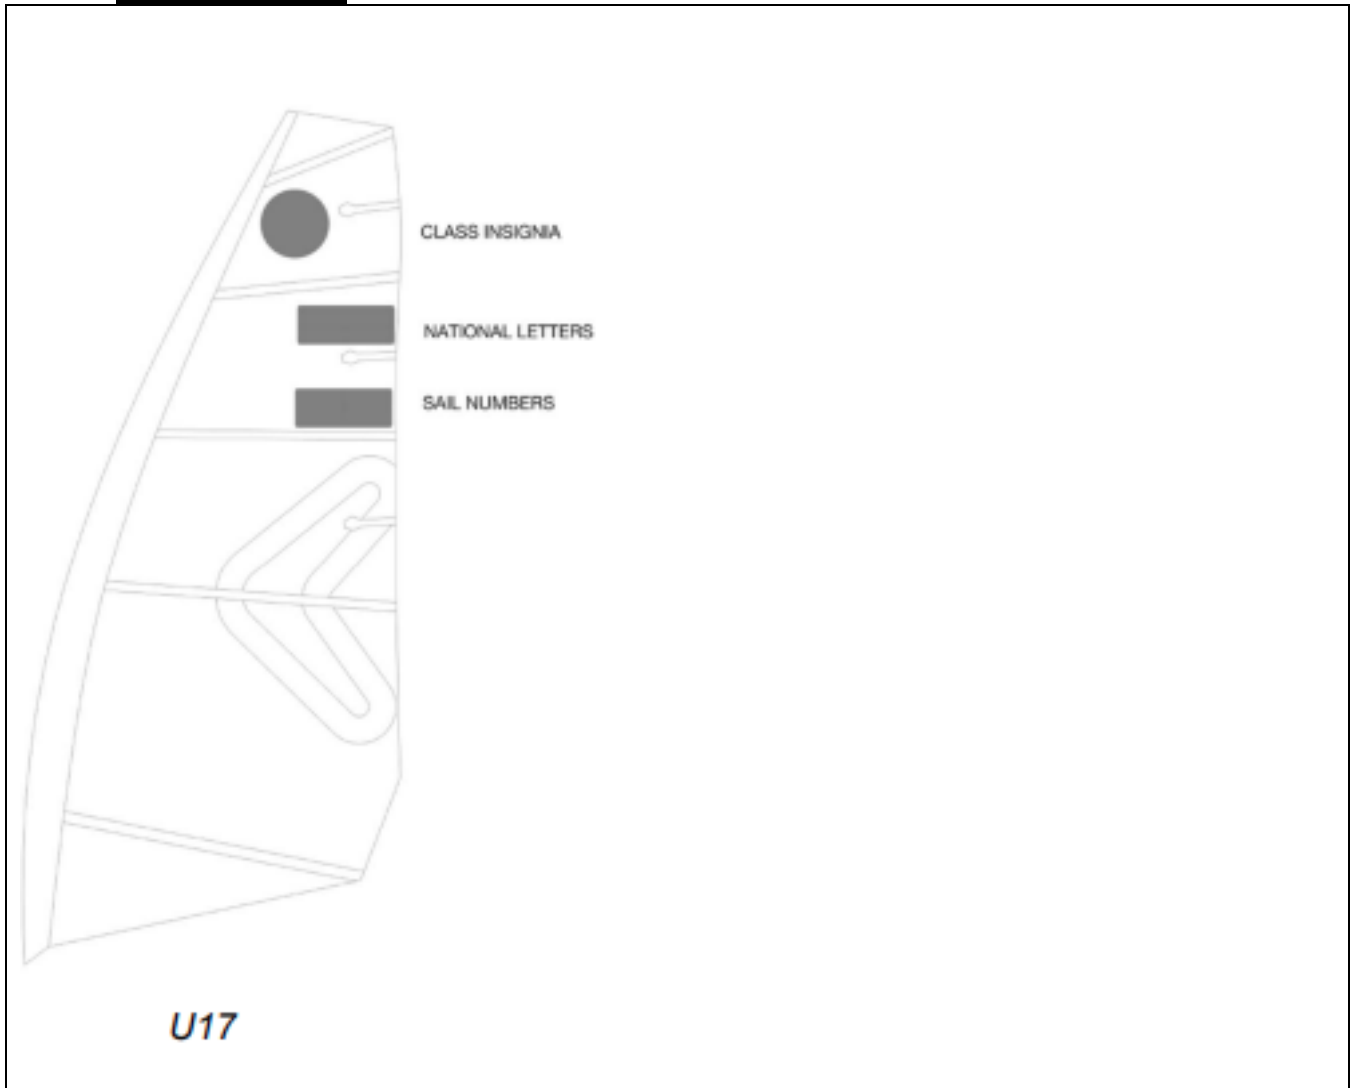

Visibility and Recognition: Larger country identification stickers are more visible from a distance. This increased visibility makes it easier for both spectators and competitors to identify the nationality of a sailor, enhancing the overall experience for everyone involved.

Clarity in Identification: Sailing events can be highly competitive and fast-paced, with multiple sails on the water simultaneously. Enlarging the country identification stickers helps eliminate confusion, making it clear which country a particular sailor represents. This clarity is particularly important for coaches, race officials, broadcasters, and spectators who need to track and follow the progress of specific competitors.

Photography and Media Coverage: Enlarged identification stickers are easier for photographers and media outlets to capture and display in their coverage of the events. This can lead to more engaging and comprehensive media coverage, further promoting the iQFOiL and the achievements of young sailors.

Proposal

Current Position**Reason**

Adding the country identification stickers on the 7m2 sail in the iQFOiL Junior Category can enhance visibility, clarity, and the overall professionalism of the iQFOiL Class. It also contributes to a more engaging and exciting experience for spectators and participants alike, ultimately promoting the growth and development of the iQFOiL Junior Class.
